

Product Data Sheet

Chlorasol CX – Sanitizer and Soaker

A powdered pre-soaker for removing build-up on glasses, crockery/cutlery and coffee cups.
Also an ideal sanitizer and general cleaner.

Product Description

Chlorasol CX sanitizes and de-stains all china, plastics, cutlery and glassware ensuring clean, fresh hygienic results.

Pink powdered pre-soaker for removing build-up on glasses, crockery/cutlery and coffee cups. Chlorasol CX is also a great general cleaner and can be used as a hand feed product for dishwashers.

Characteristics

- Non Flammable
- pH > 11.5
- Pink coloured powder
- Odour: slight chlorine

Tools / Safety Equipment

- * Rubber or PVC gloves
- * Dust-proof goggles
- * Coveralls
- * PVC apron

* At high dust levels, wear an Air-line respirator. Where an inhalation risk exists, wear a Class P1 (Particulate) Respirator.

Safety

This product is strongly alkaline. Avoid contact with skin and eyes.

Application Procedure

1. Read MSDS prior to use.
2. Read the safety instructions on label before use.
3. Glass cleaning – 2 cups Chlorasol per 30Lt of hot (60-70°C) water per plastic tub. Leave for 2 minutes, then rinse well, preferably rinsing by running through a machine glass dishwasher.
4. Soaking Laundry white – use 50gms per 5Lt hot water or increase for excessive stains and soak for longer periods, max 12 hours, then rinse well.

First Aid

- If poisoning occurs, contact a doctor or Poisons Information Centre (Ph.: 131 126)
- If swallowed, do NOT induce vomiting. Give a glass of water
- If skin contact occurs, remove contaminated clothing and wash skin thoroughly.
- If in eyes, hold eyes open, flood with water continuously for at least 15mins and see a doctor.

Pack Sizes

5kg, 10kgs
