

Product Data Sheet

Flush – Toilet Bowl Cleaner

Concentrated toilet bowl cleaner, perfumed & effective for urinals.

Product Description

Flush is an acid based liquid cleaner formulated to clean toilet bowl stains and prevent build up of soil under the toilet rim and around the bowl surface.

Flush product has extra thickness to allow it to cling to the bowl surface to clean.

Characteristics

- Dark, slightly viscous liquid
- Corrosive
- Fragrant

Tools / Equipment

- * Rubber or PVC gloves
- * Splash-proof goggles
- * Spray bottle
- *Sponge/brush

Safety

This product is corrosive. Avoid contact with eyes and skin. Wear suitable protective clothing and face protection when handling this product. Do NOT mix with other detergents or chemicals, in particular do not mix with chlorine bleach.

Application procedure

1. Read MSDS prior to use.
2. Read the safety instructions on label before use.
3. Fill product into a spray bottle or squeeze bottle and spray product around toilet bowl and up under the rim.
4. Brush difficult stains. Leave as long as possible and then flush with water.

First Aid

- If poisoning occurs, contact a doctor or Poisons Information Centre (Ph: 131 126)
