A neutral cleaner for floors and all surfaces.

Product Description

Neutral Grade detergent is a neutral floor cleaner which is also suitable for all hard surfaces.

Characteristics

- Blue liquid
- Odour: slight
- Non Flammable

Tools / Safety Equipment

- * Rubber or PVC gloves
- * Mop
- * Splash-proof goggles
- * Bucket

Safety

Avoid contact with eyes and skin. Protective Equipment is not required under normal conditions of use. Individuals with sensitive skin should consider wearing rubber or PVC gloves.

Application Procedure

1. Read MSDS prior to use.

2. Read the safety instructions on label before use.
3. To clean polished floors and most areas – use 1 part Neutral Grade Detergent to 50 parts water.
4. Light cleaning duties use 1 part to 160 parts water.
5. The use of hot water is recommended, however cold water will produce acceptable results.

First Aid

- If poisoning occurs, contact a doctor or Poisons Information Centre (Ph: 131 126)
- If swallowed, do NOT induce vomiting. Give a glass of water.
- If skin contact occurs, remove contaminated clothing and wash skin thoroughly.
- If in eyes, hold eyes open, flood with water continuously for at least 15mins and see a doctor.

Pack Sizes

3 x 5Lt, 25Lt
