Safety

This is a corrosive product. May cause severe burns, attacks skin and eyes. Protective clothing must be worn at all times when handling this product.

Application Procedure

1. Read MSDS prior to use.
2. Read the safety instructions on label before use.

Grills:

3. Switch off & allow surfaces to cool to 40°C and

apply Oven & Grills.

4. Leave for 5 minutes or longer.
5. Agitate with scourer or scraper
6. Wipe clean with damp cloth or sponge
7. Rinse with fresh water.
8. For best maintenance of hotplate, seal hot plate with a small amount of butter or margarine or oil to prevent corrosion.

Ovens:

1. Switch off and allow oven to cool to 40 degrees
2. Gloves and masks must be worn.
3. Apply to the sides of the oven first and then top and bottom from a flip cap bottle.
4. It is advisable not to atomise caustic solution for health reasons.
5. Allow contact time for 5 to 10 minutes on warm surfaces and 20 minutes on cold surfaces.
6. Wipe off with a damp clean cloth or sponge.

First Aid

- If poisoning occurs, contact a doctor or Poisons Information Centre (Ph: 131 126)
- If swallowed, do NOT induce vomiting. Give a glass of water
- If skin contact occurs, remove contaminated clothing and wash skin thoroughly.
- If in eyes, hold eyes open, flood with water continuously for at least 15mins and see a doctor.

WARNING: Do NOT use on Aluminum.

Do NOT use a HOT oven and grill plate, allow cooling and turn appliance off. Do not spray.

Pack Sizes

3 x 5Lt, 20L
