## Bracton Glass Wash – Concentrate

*Bracton Glass Wash is a concentrated, high-performance, non-hazardous, non-corrosive product specifically formulated for removing dirt and build up from all types of glassware. Brewery approved for both machine and hand washing. Bracton Glass Wash Concentrate will clean all glassware to a hygienic level, leaving the surface free from dirt and germs, enabling perfect beverage presentation.*

### Product Description

Concentrated, high performance, non-hazardous liquid glass wash detergent. Brewery approved for both hand-scrubbing glasses and for use (when diluted) in all major brand glass washing machines. Bracton Glass Wash has descaling properties to help maintain clean hygienic equipment.

### Ideal for use on:

- Approved for use in all major brand commercial dish washers and glass washers
- Hand washing/scrubbing glasses

### Characteristics:

- Brewery approved
- Safe to use
- Effective on all glass ware
- Non-toxic
- Non-Hazardous
- Non-Corrosive

### Tools / Equipment:

- Commercial Glass Washing machine
- Hand scrubbing device
- Tub/Sink

### Safety

When using Bracton Glass Wash, follow safety directions on the label. Always read instructions before use.

### Directions for use:

#### Commercial Glasswasher

Mix 1 part Bracton Glass Wash with 2 parts water (i.e. 1lt glass wash with 2lt of clean water) to make diluted detergent for automatic machine use. Pour detergent directly into detergent well of machine or in an appropriate container to be suctioned by a detergent pump / feed tube.

#### Hand Washing

Add 70 mL Bracton Glass Wash with 5 Lt of water. Place scrubbing device directly into solution and use or pour solution into scrubbing device well.

#### Hard Water Areas

Use Bracton Glass Wash at double strength.

#### Pack Sizes

3 x 5 Lt carton and 25 Lt drum

**Notes:** It is important to incorporate a "Glass Care System" in the daily maintenance of glassware. Products used in conjunction with Bracton Glass Wash that will ensure the best possible results are: Bracton Pink, Bracton Descaler and Bracton MR/BR2 glass washers.

*For best results, use either Bracton MR or BR2 glass washers. These machines incorporate a "SOAK" cycle, alleviating the need to hand scrub glasses. Both Bracton MR and BR2 models feature re-circulating water, top and bottom wash and rinse arms, accurate detergent pump, double filtration and hygienic internal design.*
